

RefectoCil Eyelash Curl 36

Amazingly expressive eyes and glamorous look!
RefectoCil Eyelash curl opens the eyes and lets them appear bigger due to the upward swing. Therefore the look becomes warmer, more pleasant and approachable in every situation.

Description

Be irresistible. Eyelash Curl gives you a look, that's breathtaking but natural. It curls lashes and lets eyes appear bigger.

The look becomes more open and you are styled perfectly around the clock!

- Perfect curl for any lash length
- Lasts up to 6 weeks
- Simple application
- Nourishing formula
- For an even more intense effect, tint the lashes after curling. In this case, the application time is reduced to only two minutes. **Perfect results in only a few STEPS:**

1. Clean the lashes with [RefectoCil Make-up Remover](#)

- Degrease with [RefectoCil Saline Solution](#).

2. Select the size of the eyelash roller

- You have selected the correct roller size when the eyelashes cover half of the roller circumference.

3. Apply roller

- Gently stretch the eye lid with your fingers, apply the eyelash roller at the inner lid edge, just above the lash line.

4. Fix lashes

- Apply a small amount of RefectoCil Glue to the roller and the lashes. With an upwards move press the eyelashes evenly and straight onto the roller using the application stick.

5. Apply Lashperm with an application time of 8 minutes.

- Remove with a dry cotton swab after application time.

6. Apply Neutralizer with an application time of 5 minutes.

- Remove with a dry cotton swab

7. Remove roller:

- Gently stretch the eyelid and roll the eyelash roller downwards.

Tip: For an even more intense effect, tint the lashes directly after curling with RefectoCil eyelash and eyebrow tints. The hair shaft is still open, therefore the application time is just 2 minutes!

Kit includes:

- 2 x tubes lashperm 3,5 ml
- 2 x tubes neutralizer 3,5 ml
- 1 x bottle glue 4 ml
